BALVATIKA-III (UKG) SYLLABUS

The **CBSE UKG Syllabus** incorporates the many developmental domains and learning outcomes in a way that is in line with how young children of this age group naturally learn.

Basic ideas and abilities in language, mathematics, environmental studies, and personal, social, and emotional development are introduced in the UKG (Upper Kindergarten) curriculum for the **CBSE** (Central Board of Secondary Education).

We will go through each part of the CBSE UKG syllabus in detail in this post, emphasizing the most important learning goals and areas of concentration for each subject.

The language curriculum for UKG focuses on vocabulary development, letter recognition and formation, and simple sentence construction to aid children in the development of their communication skills.

The mathematics curriculum, on the other hand, helps kids build a solid math foundation by introducing them to numbers and fundamental arithmetic operations like counting, addition, and subtraction.

Children are introduced to fundamental environmental ideas through the environmental studies curriculum, including the recognition of everyday items and animals as well as an understanding of fundamental requirements and personal cleanliness.

UKG Syllabus For English:

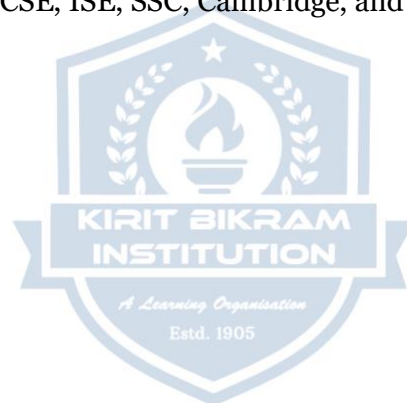

Following is the UKG English curriculum used by CBSE, ICSE, ISE, SSC, Cambridge, and IB:

Letters (AA-ZZ)

- Article (A/An)
- Identification
- Objects Related to Letters
- One-Many
- Positions
- Rhyming Words
- Sound of Letters
- This–That & These–Those
- Vowel Words
- Vowels and Consonants

Written Topic

- Holding of Pencil or Crayon

KIRIT BIKRAM INSTITUTION
